

Community Choice Energy

Challenge and Opportunity

The Business of Local Energy Symposium
San Jose, California
March 2016

Established in 1993, Joint Venture Silicon Valley provides analysis and action on issues affecting our region's economy and quality of life. The organization brings together established and emerging leaders—from business, government, academia, labor and the broader community—to spotlight issues and work toward innovative solutions.

Joint Venture provides a neutral forum for collaborative regional thinking and leadership from both the public and private sectors. www.jointventure.org

2014

Climate Prosperity Program

Key Initiatives

Public Sector Climate Task Force

Silicon Valley Public Agencies

Share best practices and collaborate on the procurement of green products and services

Reducing greenhouse gas emissions from public agency operations
